

## IPC Gansow widens range and applications of the walk behind scrubber driers CT70 e CT90

NEW  
2009

### CT 70 C/B/BT 60-1

The most productive walk behind scrubber drier in its category now available in the new version with one single brush with working width 60 cms.

☀ **Highest performances, working and maintenance low costs are guaranteed!**

### CT 70 BT 85

Performances and productivity are enhanced in the range CT70 with a new 2 brushes model having a total working width of 85 cms.

☀ **Highest speed and working efficiency are guaranteed!**

### CT 90 BT60/70/85

Available since February, the new scrubber drier CT90 is now updated in order to achieve the highest performances in its category, particularly in the heavy duty applications.

☀ **The new traction motor enables the machine to overcome reliefs and ramps exceeding 16% of gradient!**

IPC Gansow begins the 2009 with **three new products**, three new proposals aiming to satisfy more and more your needs :

- 1) LPTB01080 – scrubber dryer CT 70 C 60-1
